TOUR DE KIDS

The Trade Safety team are riding our bikes in September to raise money for the Starlight Children's Foundation in their "Tour de Kids". If you can, please donate through the RNR Cycling Team. www.tourdekids.org.au/rnr-cycling

RUSTY'S RANT

It's been a busy month this month with 3 of our clients going through mine site safety audits, 4 new clients signing up to be part of the Trade Safety Network plus all of the COVID-19 safety plan updates that we have needed to keep on top of. It's keeping us on our toes. I'm proud to announce that Phoebe has completed the theory part of her traineeship and now just has a few modules to go before she will be a qualified WHS consultant. Well done PB!

MOST POPULAR SOCIAL POST

This month it was Rusty getting his 2nd jab. Check out the Trade Safety instagram feed. [@trade.safety](https://www.instagram.com/trade.safety)

MONTHLY SAFETY STATS

0 INCIDENTS

54 TOOL BOX TALKS

3 SITE VISITS

NEW STUFF

In collaboration with Paul & Dan from Smartview Building, we have introduced a QR code site safety induction. Easy and quick for all workers and visitors. Big thanks to the boys for helping us develop that system. Its working well with Natural Build, Hayes Constructions and Coastline Builders and Designers all jumping on and using a version of the same. No incidents to report this month. Fantastic result. Thanks to everyone for keeping safe.

SAFework NSW

We have also been participating in the free SafeWork NSW Construction site supervisor workshop sessions over Zoom. It looks like the SafeWork focus for next month will be COVID-19 Safety, Working at Heights & Scaffolding. Check the website to stay up to date. www.safework.nsw.gov.au

A WORD FROM PHOEBE

I have almost finished my traineeship so I look forward to being qualified and working with my own clients in 2022!

The Trade Safety office is now fully vaccinated and ready to get back out there. We are excited to (safely) get back out onsite assisting our clients with site inspections and safety talks.

We are sending out this newsletter as a new way to interact with existing and new clients. Let us know what you think.
